## **INDIVIDUAL ELEMENTS**

Elements Categories are an opportunity for skaters to perform free skate elements in a competition format without the constraints of a performance or musical interpretation associated with the use of music. Skaters are able to focus on proper technique and quality while challenging themselves to attempt more difficult elements.

Element categories consist of progressive levels beginning at STAR 2 up to Gold. Entry for Element categories is consistent with Freeskate categories and skaters may skate up one level if they choose.

Procedures for individual elements categories:

- Each skater will perform four elements in isolation in the order listed for their level of competition
- Each element may only be attempted once
- All skaters will perform Element #1 before performing Element #2 and so on, until all four elements have been executed by all skaters
- Spins will not be assigned levels and will be assessed on quality only
- STAR 2 to STAR 4 events will use half-ice to perform the elements

## **STAR 2 Elements – Assess to standard**

- Element #1 Single Loop Jump
- Element #2 Waltz Jump + single Toe Loop Jump Combination
- Element #3 backward Upright Spin; minimum three revolutions
